
TODAY THE CITY OF Campbell is celebrating its 21st year as a city.

On March 28th, 1952, the official incorporation documents establishing Campbell as a general law city were authorized by the secretary of state, based on the results of the incorporation election that had been held on March 11.

The election was the fourth try for cityhood that had been attempted by the citizens of this community which had been in existence since before the turn of the century.

In fact, the first incorporation try was in 1906.

Three times previously the incorporation efforts had failed at the polls. But on March 11, 1952 by a slim margin, 686 to 633, the voters approved Campbell becoming a city.

In contrast to many of the city elections that have been held since that date, there was a 58% voter turnout. Current city elections seldom attract more than 30%.

While a 21st birthday today hasn't the impact that it used to because of the lowering of the voting age, still "21" remains sort of a landmark --- for people or for a city.

So Campbell is having its "coming-of-age" party today.

And even if the expression, "coming-of-age," is somewhat outdated in this modern world, this city's 21st birthday is still an important milestone in local history.

Besides it offers a great opportunity for the city's brass to point with pride to the achievements reached by the city in just two decades.

And Campbell has come far in 21 years.

-0-

PARTICULARLY FITTING we thought was that Jeanette Watson was chairman of the city's 21st birthday party which featured a noon luncheon in the fire station.

Jeanette is chairman of the city's Civic Improvement Commission and her late father, Joseph V. Gomes, was elected to the first City Council in that successful incorporation balloting 21 years ago.

Incidentally, city - owned "Joseph V. Gomes Park" on Winchester Blvd. is named for Jeanette's father, who was a native of Campbell and was a law graduate of Stanford, but who managed the family's acreage rather than practiced law. Mr. Gomes was also a long-time high school board member.

"Gomes Park" is the only city-owned property of any description that is named for any city official.

-0-

THAT IN ITSELF IS rather an unusual record when compared to other communities where it is quite common to have names of prominent people adorning parks and schools and halls, etc.

Both the Campbell elementary and high school, school districts also have refrained from naming schools after persons.

New schools in both districts have been named after the streets on which they were located. And in the years that the City of Campbell was growing up there were a lot of schools built.

There is considerable logic to the policy of street names for schools, although many of the streets were originally named for persons.

It does put it on an impersonal basis and it does eliminate emotional conflicts and, in addition, helps locate the schools.

But such a policy, on the other hand, does negate the honoring of a deserving public figure for posterity in a permanent manner.

In some of the neighboring areas, it hasn't been necessary even to be retired or dead to have a school or park named after one.

TO AMEND ORDINANCE

# City Council paves way for 'Peace on Earth' sign

When "Peace on Earth" goes back atop The Towers in the PruneYard for a "rerun", an eventuality that appears quite likely as a result of City Council action on Monday, the sign will probably meet all necessary city requirements, which was not the case during the sign's first "showing."

But it will take an amendment to the present city sign ordinance before such a rooftop message can be allowed legally.

And there will be no 58-foot pole sign advertising the PruneYard.

A motion by Vice-Mayor Dean Chamberlin, seconded by Councilman Ralph Doetsch, was approved unanimously directing the Planning Commission to consider a text amendment to the sign ordinance that will allow the display of sentimental, religious or holiday-oriented signs.

The displays, according to the motion would be permitted on a temporary basis and would be subject to meeting wind-load and other safety standards.

A subsequent motion, however, by Councilman Rusty Hammer, in an attempt to expedite the legal procedures involved in amending the ordinance, failed.

Hammer's motion would have allowed the original "Peace on Earth" sign to go back up immediately while the amendment was being considered, if the sign met the safety standards set by staff. The motion was seconded by Councilman Ralph Doetsch.

However, Doetsch withdrew his second when the city attorney explained that such an action could be construed as condoning a violation, even in the interest of time. Chamberlin also added that during the entire sign hassle he had emphasized that he would not be in favor of approving an ordinance violation.

Hammer's motion then failed for lack of a second.

Prior to the direction for a text amendment to allow the rooftop sign, the City Council voted unanimously to rescind its action of March 12 approving the 58-foot pole sign identifying the PruneYard and Towers.

That action was based on the request of Joe Dabaghian, of the PruneYard, suggesting that the PruneYard would be willing to withdraw the approved pole sign, if the "Peace on Earth" message was allowed to go back on The Towers.

At the same time that the pole sign had been approved, the Council by a 3-2 vote, had directed the PruneYard to remove "Peace on Earth."

Art Kee, planning director, early in the discussion had explained that the present city ordinance prohibited signs above the roof-lines. He also quoted from other sections of the sign ordinance defining signs. He had concluded that "Peace on Earth" was a sign under the ordinance definition.

Donald R. Haile, acting city attorney for vacationing Bob Dempster, emphasized also that, under the sign ordinance, it was not possible to grant a use permit or a variance. He maintained that the message was not the concern of the City Council in this instance. It was basically the location of the sign, he pointed out, and that a text amendment was the only means to allow it.

An appeal for the Council to allow the "Peace on Earth" sign was also made by James Linane, manager of Hamilton Downs, at the meeting.

Among the letters favoring the sign was one received just prior to the meeting Monday from the seventh grade of St. Lucy's School.

ANNUAL BANQUET ON MAY 18

# JayCees seek nominees for young man of year award

For the sixth consecutive year, the Campbell JayCees will honor an outstanding young man of the community at the annual distinguished service award banquet.

The banquet will be held at Zorba's on Friday, May 18, and Edmund G. Brown, Jr., Secretary of State of California, will be the main speaker.

Mike Kennedy, president of the JayCees, this week urged various organizations and individuals to submit nominations for the outstanding young man of the year. Kennedy explains that the basis for selection will be the contribution made by the individual in his field.

Nominees must be between the ages of 18 and 35 and either reside, work or be active in community service in the City of Campbell.

The judging committee will allow 50 points for contribution to general community welfare during 1972; 25 points for evidence of leadership ability and 25 points for evidence of personal or business progress.

Nomination forms must be submitted by Friday, April 13, to the JayCees (P.O.Box 128). For additional information on the distinguished service award, Kennedy can be contacted at 968-1657 or 378-4976.

Agent Ramseier and his wife, Genie, reside in Campbell. He joined the department on January 1, 1970 and was promoted to agent on March 15.

# Four-way stops to get trial

Four-way stop signs will be installed at the Budd-Jeffery-Virginia intersection, the City Council directed Monday night upon the recommendation of Bill Wren, public works director and traffic engineer, in an effort to alleviate some of the traffic problems that plague that area.

Wren's recommendation followed a meeting with concerned residents of the area over the traffic problems that exist at that intersection and adjacent residential streets. Wren said that the suggestion of the four-way stop signs had been made at the meeting which was also attended by Police Chief Don Burr.

However, one of the concerned residents, Mrs. Donna Mitchell, of 781 Jeffery, who has been instrumental in getting city attention focused on the problem, after her daughter was injured on the street, told the City Council that the stop signs alone would not solve the problems.

She felt that heavy-duty truck traffic should be eliminated from the streets and she thought that another off-ramp from San Tomas Expressway might also help.

She also said they had expected a comprehensive report from Wren at the meeting on traffic count, etc., but it was not forthcoming.

In answer to Councilman Norm Paul's request, Wren said he could have a report on the truck traffic for the Council at the next meeting.

In the meantime, the four-way stop signs will be tried.

# Building slumps in February

Building permits issued in Campbell during February totalled only $182,338 compared to $554,904 for the same month last year.

However, the building permit total for the first two months this year is far ahead, dollarwise, of the same months last year, thanks to one permit issued in January for $2,059,520, according to Wally Byron, building official.

That permit was for a 264-unit apartment and comprised the major portion of the total of $2,328,014 for all permits thus far this year. Last year at this time the two-month total was $789,630.

In February this year there were only two new building permits issued, both industrial. One was for Coco's Restaurant at 330 E. Hamilton for $92,950 and the other was for a service station for Fred Chez at 1961 Pollard Road for $24,829.

Two building permits for major additions to commercial structures were issued during the month; Dr. Patrick Baymiller for animal hospital at 971 E. Hamilton, for $22,125; Vinod Kamboj for bridal center at 880 E. Campbell Ave., for $10,590.

There were seven permits issued for additions or alterations to residential buildings for $17,910 and there were two swimming pool permits totalling $8,200 during February.

CONVERSION OF "SUNSWEET"

# Work booms on 'The Factory'

Demolition of some of the wood-frame buildings, the first step in the conversion of a Campbell landmark, the old Sunsweet packing-canning-drying facility, into a pedestrian-oriented shopping, dining and entertainment complex called "The Factory", has almost been completed (above).

The next step will be the resurfacing of the cleared areas for parking lots and the modification of the interiors of the brick-faced warehouses.

Exteriors of the buildings that will be used have been sandblasted to bring out the original surface. It is estimated that there will be approximately 80,000 square feet of space for public shops and services. Richard Millen and W. H. MacLaughlin are the developers of the project.

Approximately five acres are included in the development on Central Avenue, off First Street.

IN COUNCIL CHAMBERS AT 7:30 P.M.

# City goals committee to meet this evening

Members of the Citizens Advisory Goals Committee will meet this evening at 7:30 p.m. in a general session in the council chambers in the city hall to discuss the procedures for the submission of the preliminary reports from the task forces by the end of April.

Steve Campbell, chairman of the Citizens Advisory Goals Committee, points out that deadline for reports from the three major committees to the steering committee is May 4 and the task force reports must be completed prior to that.

The time table calls for the steering committee to submit the final recommendations to the City Council in June after all the committee reports have been studied.

During the general meeting this evening, the chairmen of the various task forces will make progress reports as will the chairmen of the three area of concern groups. A question period is also contemplated.

A number of the task forces have also scheduled meetings after the general session.

A report by City Manager Bob Stephens and Geoffrey Whittaker, city finance director, on the financial condition of the city is scheduled for Tuesday, April 10, at 7:30 p.m. in the council chambers, at a special meeting of the entire goals committee.

The information will also be available to the various sub-committees and will include data on expected revenues and expenditures for the fiscal year.

Among the issues that the intergovernmental relations task force has been studying is the question of the current status of the county communication [illegible] and how the [illegible] by the county to pay the entire communication costs for the city will affect Campbell.

Other items that have created interest in the subcommittees has been the feasibility of a community center and whether there is a need for a recreational coordinator in the community.

CAMPBELL DISTRICT

# Ray A. Silva seeks election to high school board post

Ray A. Silva, 42, of 185 Surmont Court, Los Gatos, a candidate for trustee of the Campbell Union High School District in the April 17 election, emphasizes his dual background of education and business as qualifications for a board member. There are six candidates for the three positions open on the board, including Vern Rutlen and Mrs. Dorothy Y. Goble, incumbents.

Silva, a native of San Jose, who received his B.A. and M.A. degrees in physical education from San Jose State University, served on the coaching staff of Camden High 1959-62, before entering the life insurance field.

He has been with the Guardian Life Insurance Co. for the past 10½ years and holds the coveted Chartered Life Underwriter degree.

Prior to going to Camden as coach, he was at Berkeley High from 1955-59 and was a physical training officer and basketball coach at the Naval Pre-Flight School, Pensacola, from 1952-54.

Silva has lived in the Campbell Union High School District for more than 13 years. He has been active in the Spartan Foundation and is an elder in the Westminster Presbyterian Church.

Silva, and his wife, Carolyn, have six children. Jeff and Laurie are currently students at Leigh High and all the Silva children have attended or will attend schools in the Campbell Union High School District.

Silva issued the following statement relative to his candidacy:

"Education has played a vital role in my own life and I value its potential for all our young people. Because of my dual background in education and the world of business, I believe I have the qualifications to represent all people in the Campbell Union High School District as a trustee.

"I believe the Campbell Union High School District must continue to do an excellent job for the academically-oriented students. In my opinion, we need to place more emphasis on vocational guidance and occupational training. Many young people begin their working careers directly after high school and must be prepared to earn a living."

## No gun

"We can't use a gun!"

Many times members of The Press staff have been asked, "Why doesn't so and so advertise in your newspaper?"

The Campbell Press, they point out, covers the same area from which a particular firm gets its advertisers. Therefore, it appears logical that the business should use the columns of the newspaper to put across its merchandising message.

Unfortunately, it does not work that way.

It seems that logic goes out the window in these instances.

The Campbell Press, founded in 1895, has been this community's medium for news and advertising for 78 years.

It is an established business operation with an enviable record of results for the advertiser who consistently uses its columns to present their merchandising message.

The Campbell Press does not claim it covers the moon.

As a matter of fact, this newspaper repeatedly points out that it is provincial in its scope. It makes no claim for "blanket coverage" of a huge area.

The Press also emphasizes that people have to buy this paper to get it.

But we do claim that, if a business wants to present its message to residents of the Campbell area, the medium to use is The Campbell Press.

We can prove by chapter and verse that The Press is the best advertising medium for those merchants to use who want to concentrate on obtaining business from a specified area, i.e., a neighborhood rather than a region.

Unfortunately, facts and figures, stability and service to the community, and other salient points seem to carry very little weight when it comes to convincing advertisers that The Campbell Press offers more for their advertising dollar in the Campbell area than any other medium.

The Campbell Press is a NEWSpaper and its circulation figures must be sworn to and published.

And those figures can be checked and double-checked by verifying the route lists of the more than 50 carrier boys who deliver the paper each week, plus the papers that are mailed through the post office.

Only a NEWSpaper has to guarantee that its circulation figures are accurate...All other advertising mediums can specify anything the traffic will bear or swallow, as far as their "coverage" is concerned.

The Campbell Press, during the years it has been in existence in this area, has probably faced more than a hundred different mediums competing for the community advertising dollar at one time or another.

Throughout the years, this community's only NEWSpaper has emphasized that it covers only the greater Campbell area.

But it covers it well.

The Press submits that it offers the right medium for the neighborhood merchants. It concedes that the big (regional) operators need more coverage.

The Press can prove its value to the local merchant, if given a chance.

But first it must have the chance.

And we can't use a gun.

## Trustee election

In less than three weeks, voters in the Campbell Union (elementary) School District will go to the polls and make a momentous decision.

On Tuesday, April 17, the electorate of this school district, along with the voters in school districts throughout the state, will cast ballots for trustees.

Unfortunately, it is almost a foregone conclusion that the voter turnout will be miserably low compared to the imporance of the election.

We have long maintained that it is shameful that such a situation as that exists.

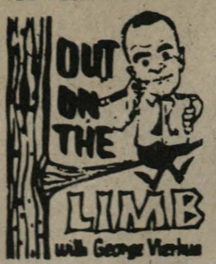
Yet the results of this election will probably have more impact on the district than any other election in this district's history.

For probably the first time in local history (at least as far as we have been able to determine), there are no incumbents running for the three positions that are up for grabs on April 17.

There are nine candidates for the three offices that are open.

The Press sincerely urges the election of Gordon Abbott and George Baker but concedes that many of the other candidates have excellent qualifications.

### MORE ABOUT



(Continued from Page 1)

District as a case in point...

-0-

MORE THAN 10 YEARS ago, we recall, the Cambrian district trustees named one of the new schools in the district after the then superintendent, D. M. Bagby.

We suggested at the time that "Ace" Bagby might feel a little strange talking about "his school."

And then there was something we sort of left unsaid at the time.

Just suppose that Superintendent Bagby was to fall out of favor with the majority of the board members in subsequent years. (That could happen, you know.)

And just suppose, things got so bad that the majority voted to dismiss the superintendent. (That also could happen.)

It, of course, did not happen in the Cambrian district.

Ace Bagby is still the superintendent.

What we are saying is "what if"...

What if emotions reached a high pitch and things got bitter between pros and cons with the superintendent on the wrong side votewise of the board? And the super is then kicked out...

What happens to the school that was named after him?

Would the deposed superintendent take it with him as part of the "settlement?"

Would the school be renamed?

Or would the name remain to remind people always of the friction?

So, you see, not naming schools after people, living, dead or retired, in Campbell, could have some unforseen advantages.

Sort of.

-0-

WHEN WE TOOK OVER the operation of The Campbell Press, the City of Campbell was not yet four years old.

For the past 17 years we have been pretty close to the city scene and have observed its expansion and advancement on many fronts.

This 21st birthday celebration of the city also gave us an excuse to research the files of The Press and to review the accomplishments of the city during these past 21 years.

The problem was that we started with the 1952 file and became so engrossed in it that we didn't bother with the other years.

We also loaned that year to Jeanette so she could review the happenings, especially around the incorporation period, as they were reported in The Press.

And we imagine Jeanette had a ball looking over the old papers for it probably brought back many fond memories for her.

We wonder if she saw the picture on one of the inside pages of the July 3, 1952 issue.

There were four attractive gals in the picture standing by a United Air Lines plane.

Under the picture was the caption: "TO HAWAII--Jeanette Gomes (second from left), Campbell, a student at San Jose State, was among a group of 70 coeds who flew to Honolulu via United Air Lines last weekend under the auspices of the Student Tour Overseas Program to attend the summer session of the University of Hawaii....."

That was just one of the tidbits that we ran across when we were reviewing the files of 1952.

And that's our trouble.

-0-

WE THOROUGHLY ENjoy looking through these bound files of the various years that are in the office.

Admittedly, the nostalgia that this type of exercise develops, serves no useful purpose.

It generally just makes you feel older than you are.

But still we are always sort of stimulated by these excursions into the printed pages of the past.

Unfortunately, as we have told you before, it is terribly time-consuming to get involved in checking these past issues.

So we have a guilt complex when the time flits by and all we have done is read the yellowed items.

For example, (April 10, 1952): "Dean Chamberlin Heads Training Of 28th Air Division"... "Capt. Dean R. Chamberlin has been named as director of training for the 28th Air Division which has headquarters at Hamilton Air Force Base.....Chamberlin and his wife, Veva, live at 116 E. Campbell Ave., with their two sons, Donald, 7, and James, 2.....He was a teacher at the Campbell Union High School until his recall to active duty in 1950. ....."

We thought that was sort of interesting.

The vice-mayor of the City of Campbell at the present time is Dean R. Chamberlin... (same guy). He will be mayor for the second time around, come next month.

-0-

AND WE ALSO NOTED in the issues that Homer Hyde was the immediate past president of the Campbell Rotary Club. We read also that Homer, in December of that year, was elected president of the Peninsula Water Works Association.

The files show also that Neal Royer was principal of Rosemary School that year and that Assemblyman Charles Gubser was elected to congress and Al Smith, a teacher at Campbell High (Does Orchard Supply Hardware mean anything to you?) was defeated for county supervisor.

The 1952 issues of The Press also reported the building fund drive for St. Lucy's under the direction of Dr. Paul Werthmann.

And in the December 18, 1952, issue, the announcement was made of the appointments to the first Planning Commission of the City of Campbell.

They were: Guy E. Farley, Homer Hyde, Hollis L. Logue, John M. Chargin, Kenneth Priestly, Theodore Solari and J. A. Tomlinson;

But now you know why we should not get involved in all these past issues.....

And then, of course, we have to justify the time we have spent.

Thus the stuff we have "uncovered" appears in this column.

How sneaky can one get?

-0-

ONE THING THAT JEAnette Watson did run across while searching the 1952 files was a poem. (Leave that to Jeanette.)

The poem, which was by Clara Beebe Baldwin, appeared in the issue of March 13, 1952.

We agree with Jeanette that it is worth repeating 21 years later:

"CAMPBELL——a city
"For many a year it lay drowsing;

"A village by the side of the road,
"Too timid to try out its powers;
"Just content with its pleasant abode.

"It was a fair town and we loved it,
"But we realized that it was grown,
"And time for it to stop creeping;
"Quite time it was walking alone.

"Then one glad day it awakened;
"And sprang to its feet at last,
"Full of great plans for the future;
"With never a thought for the past.

"We toast you, CAMPBELL–A CITY;
"A city with great work to do,
"We know you'll not be found wanting;
"We will be very proud of you."

--Campbell Press

## Science Fair invites public to final showing Saturday

More than 600 student exhibitors, grades 6 through 12, have set up their projects for the Santa Clara Valley Science Fair at the Santa Clara County Fairground's Pavilion, Tully Road in San Jose.

Parents and the public are invited to view the fair on its final day, Saturday, March 31, from 9 a.m. to 7 p.m. There is no admission charge.

Judging the fair, Wednesday, March 28, will be teams of judges chosen from science-oriented industries in the area. Judging will be by grade level as well as by categories on the experiments that the students have worked upon for the past four months.

Two grand prize winners, one in biological science and one in physical science will be chosen in the senior division (grades 10-12) and these winners will be awarded expense-paid trips to the International Science Fair, where they will compete with other winners from the United States and foreign countries.

Award ceremonies for the exhibitors and their parents will begin at 7:30 p.m. Saturday night in the Fiesta Hall at the Fairgrounds. Dr. Harry Thomas Harvey, noted environmentalist from California University at San Jose will be the key speaker.

## 4H CLUB

### EL SERENO 4-H
**by Michelle Lauer**

Our March meeting was called to order at 7:30 p.m. at Immanuel Lutheran Church.

Susan Snouse and Loraine Carlson led us in a song, then we had a couple of project reports and a committee report: Ann Fisher on bees; Susan Rice on Entomology; Gean Rice on electricity, and Michelle Lauer on the fund raising committee.

The committee for the Mother's Tea is Michelle Lauer, chairman; Susan Snouse and Loraine Carlson, co-chairmen.

Two members from our club who went to the Favorite Foods Day were Susan Hambey and Gail Green. Susan got a blue ribbon and Gail won a gold medal.

There were lots of demonstrations: Donald Duggin on electricity; Mary Ann Lahan and Mary Madison on rabbits; Ricky Zurlo and Randy Cone on rabbits; Susan Rice on the new French intensive care method (which the garden group learned at the Saratoga Community Gardens); Robert Rice on how to plant a seed flat; Kim Barbour and Berlinda Handley on butchering a rabbit; Ann Collins, Lori Ellis, Ann Regan, Amy Renner and Gail Green on foods.

For the baking contest, instead of having kids bake things, the adults did. They had to make anything green (except pickles). The winners for "How Green It Is," were Mr. Flores and Mrs. Garcia; the winners of the "Great Schocker" were Mr. Carlson and Mrs. Snouse. The winners for "How Different" were Mr. Regan and Mrs. Jefferson; the winner for the worst one was Mrs. Duffin; the booby prize was given to Mrs. Drake (ha ha ha ha!).

### PLANNING FOR LEISURE

**The list of articles missing from a Campbell man's apartment last week would indicate the burglar was planning to take it easy.**

**According to reports, missing were; a clock radio, two pairs of slacks, four shirts, a watch, two packs of cigarettes, a pair of leather slippers and two girlie magazines. Oh...and a mechanical pencil sharpener.**

## Westmont Open Mouth

**PAUL & MS. MAUREEN**

(Macierz) (Hillyard)

Paul: Gladsome vernal equinox!

Ms.: What does that mean?

Paul: Happy Spring -- you blithering simp.

**THE EMIGRANTS**

While Sandy Mann was boozing it up on St. Patrick's Day, we tortured movie buffs were sitting through two and a half hours of an Academy Award nominated movie.

The movie was "The Emigrants" starring Liv Ullman as Kristina with Max von Sydow as her husband and Eddie Axberg as his brother.

It is directed, edited and photographed by Jan Troell. "The Emigrants" is the first of two films based on the novels of Vilhelm Moberg depicting the Swedish emigrants who journeyed to the United States.

The research done and the performances made were excellent and in depth.

Troell did a fantastic job, and we hope that by the time you read this he'll have the Oscar in his hands for it.

Paul: Spring is when a young man's fancy turns to love.

Ms.: Speaking of fancies.... have you seen Maury?

Paul: Our resident bagel addict.

Paul: Maury, what are you doing with that big pink bagel?

Maury: It's for my true love.

Ms.: Sandy Mann?

**UPCOMING EVENTS, NEWS AND GOSSIP**

There are two swim meets coming up. Friday against Blackford here at 3:30, and then the 3rd against Prospect here at 3:30.

SANDY MANN, a belated happy bornday.

Ms.: Shore and begoree. If'n she ain't a lovely lass for a rival?

Paul: And to think...all this time we were competing with a 16-year-old.

Ms.: Maybe we should have been easier on the child.

Cheerleaders were elected in a rally last Monday.

Friday night, Westmont's Varsity and Frosh/Soph Baseballers will take on Saratoga at San Jose Municipal Stadium. Varsity game starts at 7:45, F/S at 5:30, the price is 50¢ for students, $1.25 for adults.

The Westmont Jazz Ensemble went to Reno Saturday to participate in the International Jazz festival.

League championship finals for G.A.A. gymnastics are this Saturday, at 9 a.m. at Saratoga High.

Track meet, Friday, against Del Mar at 3:00. The home meet will determine Westmont's championship.

Not to be left out, the Frosh-Soph-ers are going to hold their own dance, Friday, April 6.

Westmont's runners are on the way to the Blossom Hill Relays, Saturday.

Paul: Maureen! It's you that Maury's in love with!

Ms.: NO!

Paul: Would I lie to you? Who else would make his locker into the Maureen Hillyard memorial library?

Ms.: That's where my books have gone.

**WELCOME HOME, LT. CMDR. ALVAREZ**

Westmont showed it's appreciation for Santa Clara's hero with a special assembly on Friday, March 23, when students gave up their P.O.W. bracelets to be melted into a memorial plaque.

In Sunday's Santa Clara parade, Westmont's Mexican American Youth Organization rode in a motorcade.

Paul: Maury, if you want to know how to get Maureen, call her "Roonie"; she LOVES it.

(Ms. note – If anybody not affiliated with this column, dares to utter that name, I'll personally, stomp on your neck.)

Maury: Roonie...ROOONIE... Rooooonie!

Ms.: Oh how gross!

Paul: Maury and Maureen! What a crack-up. Ha Ha Ha (snicker, giggle)

Ms.: What's so funny?

Paul: Don't you get the connection? You both spell your names the same way. It would look "cute" on Christmas cards.

Ms.: Another word about that Blockhead and you'll die a thousand deaths.

Paul: Hanukkah cards?

**EGO CORNER**

Ego Corner is awarded weekly to those who deserve it.

This week the nominees are: Sybil Horney, Maury Vierhus, Brenda Starr, Brainy Christeson, Charles Wong and Dave Cripe.

And the winner is...may we have the envelope, please?

The winner of Ego Corner is Dave Cripe, our faithful government teacher who tells us all about politics and the like. He is also the owner of several good old sayings such as, "I figure that if you throw the mud up against the barn wall long enough, some of it is bound to stick."

Maury: UM..um..hmm..Imean.. Umm..nuenuggle...

Paul: Do you think something could be wrong with his tongue?

Ms.: I think something's wrong with his whole head.

Paul: How can you say something like that about the publisher's son.

Ms.: Has he written about us in HIS column yet?

## Starke speaks at Westmont

Laws relating to children and the school is the topic of the Westmont High School PTA meeting this evening, March 28, at 8 p.m. in the school cafetorium.

Philip Starke, attendance and administrative support director for the County Office of Education, is speaker for the evening. A Campbell resident, Starke has two sons in local junior high and high schools.

PTSA officers for the 1973-74 school year will be elected and Principal George Buonocore will discuss scheduling of the school arena.

# Campbell nursery schools open their doors

**CONGREGATIONAL PRESCHOOL**

The Campbell Congregational Preschool, 400 W. Campbell Ave., will be holding Open House from 9:30 to 11 a.m. on Tuesday, April 3 for the three-year-old session and on Wednesday, April 4, for the four-year-olds. Refreshments will be served.

The directed activities of each class are designed to meet the needs of the particular age group involved. The 11-year-old school is unique in that the parent participation revolves around a planned, teacher guided program.

The mother of each child is required to assist with the classes twice each month. Four-year-olds attend school on Monday, Wednesday and Friday, either morning or afternoon sessions, while the three-year-olds attend on Tuesday and Thursday mornings.

Dorine Alvord and Georgia Tyson are the school's co-directors and teachers. Other teachers on the staff include Jean Low, who works with the three-year-olds; Terri Hornig and Maria Silva, who teach the four-year-olds French and Barbara Sheets who specializes in rhythmic gymnastics.

Monthly field trips, visits from community people, free play, painting time and phonics are all part of the coordinated program, designed to develop the child's interest in learning. A good self-image and learning to follow directions are two of the school's main goals. This enables the child to be better prepared for kindergarten.

Sue Dore is current president of the school board. For further information regarding visiting hours or fall registration, phone Mrs. Jean Altman, 257-0670, or the school, 379-7202.

**CAMPBELL PARENTS NURSERY SCHOOL**

Campbell Parents Nursery School will hold their annual spring Open House on Thursday, April 5, from 9:30 to 11 a.m. and from 1 to 3 p.m. at 528 No. Harrison (off Central Avenue).

The school is affiliated with the Metropolitan Adult Education Program and mothers attend two monthly meetings in the evening to discuss their child's progress in school. Speakers are invited to discuss the various aspects of preschoolers' development. The school is under the direction of Helen Riedel.

Free play is stressed and young children choose from many items available; clay, crafts, wheeled toys, animals and climbing structures to name a few. The animals now include a brown and white rat, a small noisy green parrot and several bunnies. (Due to a population explosion, there are some bunnies available to go home with willing visitors, a parent spokesman said.)

The school has two sessions for four-year-olds. Mondays, Wednesdays and Fridays from 9 to 11:30 a.m. and Mondays, Wednesdays and Fridays from 12:30 to 3 p.m. A session for three-year-olds is also held on Tuesdays and Thursdays from 9 to 11:30 a.m.

For more information about the program, contact membership chairman, Mrs. Walter Burke, 241-1096 or the school office, 378-3814.

**UNITED METHODIST PARENTS PRESCHOOL**

The Campbell Methodist Parents Preschool will hold open house on Wednesday, April 4, from 9:30 to 11:30 a.m. The school is located at 1675 Winchester Blvd., near the corner of Winchester and Hamilton Avenues.

For information call Mrs. Richard Berg, membership chairman, 378-2717.

The school, now in its 10th year, leases several rooms and a well-equipped play yard from the First United Methodist Church for use from 9 to 11:30 a.m. weekdays. A two-day and a three-day morning session for three to five-year-olds is offered. Each day six mothers work on a rotating basis and assist "Miss Marlene!" (Marlene Larsen, director.)

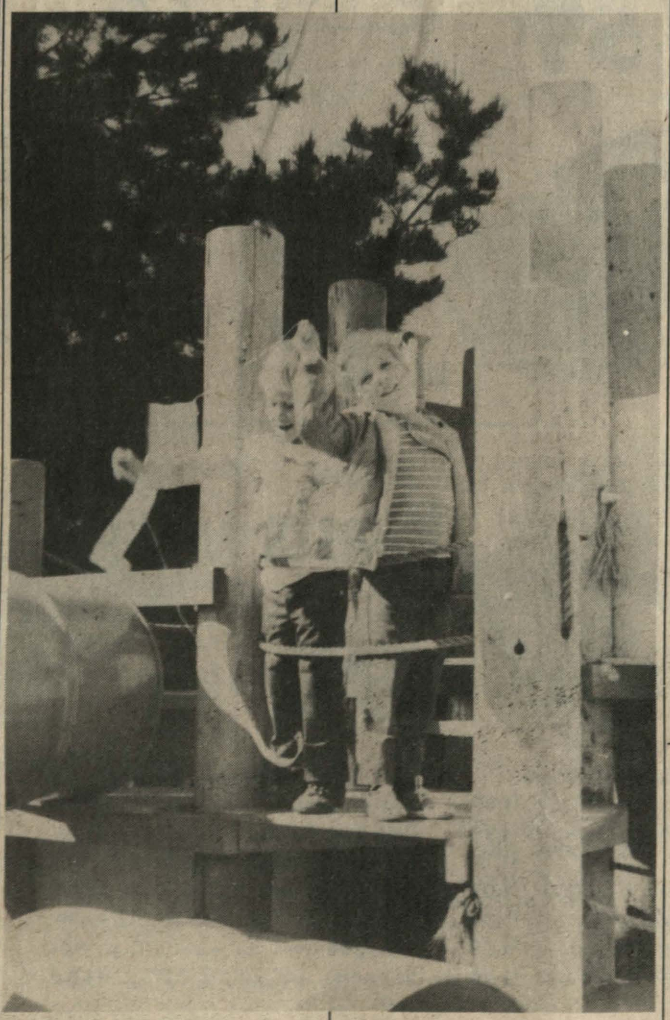
Facilities at the school include an activities room with a housekeeping corner, and block area, as well as tables for play dough and art work. The quiet room is for reading, listening to records, and just plain quiet play and games. The well-equipped play yard includes a "two-story fort," play house, tricycle road with a bridge, a paint corner, plus the usual sandbox and digging areas.

The school's program emphasizes free-play, provides crafts for the children to make, has baking projects they can participate in, invites outside visitors (such as Smokey the Bear) in, and offers field trips. The field trips include visits to such places as the fire department, library, hospital, and train ride to Palo Alto at the end of the year.

Applications for fall registrations are now being accepted and can also be made at the open house on April 4.

**PLAYTIME WITH THE PUPS**---Linda Panico, Trisha Annable and Wendy Scholz of the Campbell United Methodist Parents Preschool are shown during playtime at the school. Open house is scheduled for Wednesday, April 4, at the 1675 Winchester Blvd., site.

**FRENCH AND PHONICS**---Madame Teri Hornig is shown above teaching simple French and phonics to Campbell Congregational Preschool students. From left, Mike Murphy, Stephanie Jurmuch and Ronnie Lohr. The school, located at 400 W. Campbell Ave., will hold open house on Tuesday, April 3 and Wednesday, April 4.



**BOYS WILL BE**---Raymond Fernandes and Patrick Crook of Campbell Parents Nursery School are shown above getting their handmade kites aloft. The school, located at 528 No. Harrison holds their open house on Thursday, April 5.

## Carnival plans set at Campbell High School

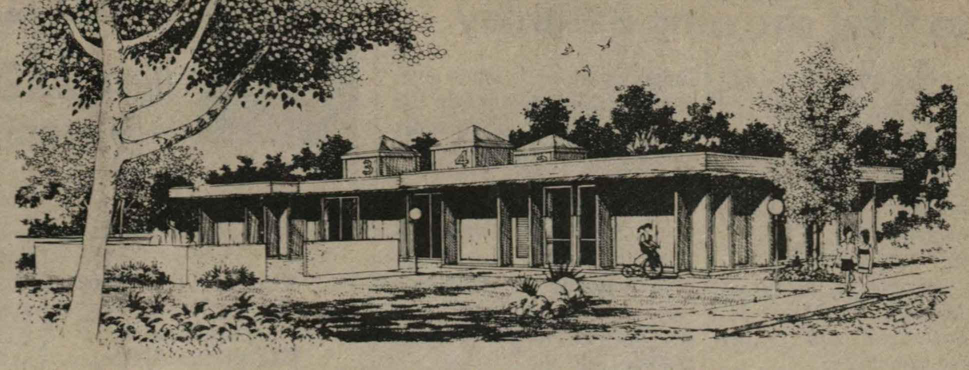
Plans are under way for a three-day carnival to be held at Campbell High School on Friday, Saturday and Sunday, April 6, 7 and 8.

Sponsored by the Campbell High School PTA and Booster's Club, proceeds of the carnival go towards the PTA student scholarship fund and student after-school activities funded by the Booster's.

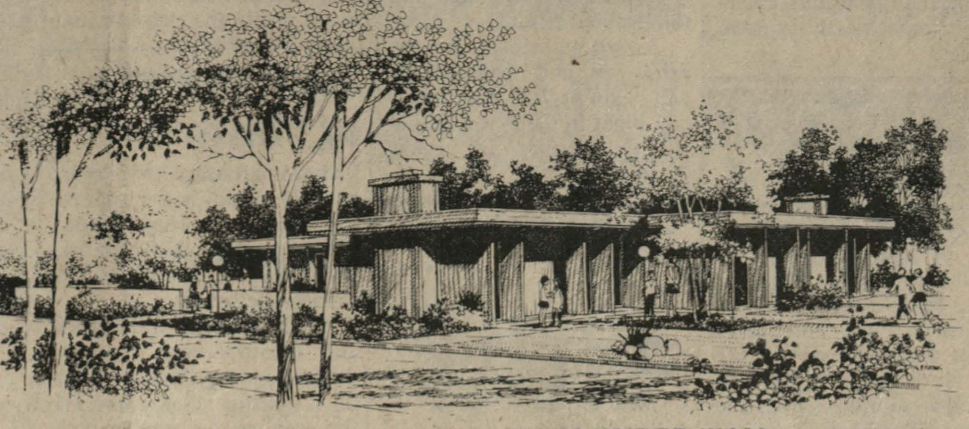
Ten rides will be furnished by Butler Amusements, according to Joan Smurthwaite, PTA president; in addition to game and refreshment concessions.

Carnival times are 3 to 10:30 p.m. Friday, 10 a.m. to 10:30 p.m. Saturday, and 12 noon to 10 p.m. Sunday.

Pre-sale tickets (five for $1) are available from Campbell student members of the after-school groups. Tickets purchased at the carnival will be three for $1.



DAY TREATMENT BUILDING AT EASTFIELD



EASTFIELD GROUP HOME IS UNDER WAY

## Eastfield plans ground-breaking

Official groundbreaking for two new buildings is scheduled for 1 p.m., Saturday, March 31, at Eastfield Children's Center, 251 Llewellyn Ave., Cambpell, it was announced today by Mrs. Ronald Rimkus, president of the Board of Directors.

The new buildings, designed by David C. Thimgan, AIA, of Santa Clara, will cost $163,483 under contract to Roberts Construction Company of San Jose. With inclusion of fees, furnishings and irrigation system, total cost will be approximately $192,474, according to Rex E. Morton, AIA, Los Gatos architect who is chairman of the Eastfield house and grounds committee.

The day treatment building will replace a portable building used since the program was established approximately seven years ago on an experimental basis; it includes three activity-classrooms, an arts and crafts room, and counseling facilities.

The group home, built to accommodate youngsters in a home-like atmosphere, replaces a home in the community.

Eastfield, for treatment of emotionally disturbed children, is a United Fund Agency. In addition to United Fund monies, the agency covers costs through donations and fees. Financing of the new construction is through donations, sale of property, and a loan.

## Students meet here Saturday

A day-long gathering of high school and college students is slated for Saturday, March 31 at the West Valley College, Saratoga campus.

Sponsored by St. Lucy's Youth Council, the gathering will feature Father Bob Bush, S.J., from Bellarmine.

Local students will leave from the St. Lucy's church annex at 9:30 a.m. and return at 7:30 p.m.

Lunch and dinner will be provided and more information can be obtained by calling 379-5900.

Recipes
to conserve gas & electricity.
(And lower your PG&E bill.)

Timer
Cook by timer and temperature. You'll get better results and conserve fuel.
Don't peek while you're cooking. This wastes heat and money.

Oven
Don't pre-heat it for foods that take over an hour to cook.
Turn it off as soon as you're through using it.
Don't use it to heat your kitchen.

Pans and lids
Match size of pans to size of cooking unit or flame so you don't waste heat. Reduce flame if it licks around sides of pan.
It takes less heat to cook if pans are covered with tight-fitting lids.

Measuring cups
Use only 2-4 tablespoons of water to cook frozen vegetables. For fresh vegetables, use only ⅓-½ cup of water per pound. (Small amounts of water heat faster.)

Burners
Use high heat only to bring water to a boil, then reduce heat to simmer.
On electric ranges, turn burner off before food is done; retained heat will complete the cooking.
These tips may seem like little things, but they all add up to savings on your PG&E bill. Of course they'll help conserve gas and electricity too.

# C-M Pony League to select teams this Sunday, April 1

Campbell - Moreland Pony League will complete its baseball tryouts Saturday, March 31. Team selections will be made Sunday, April 1, and the next big event will be opening day, April 21.

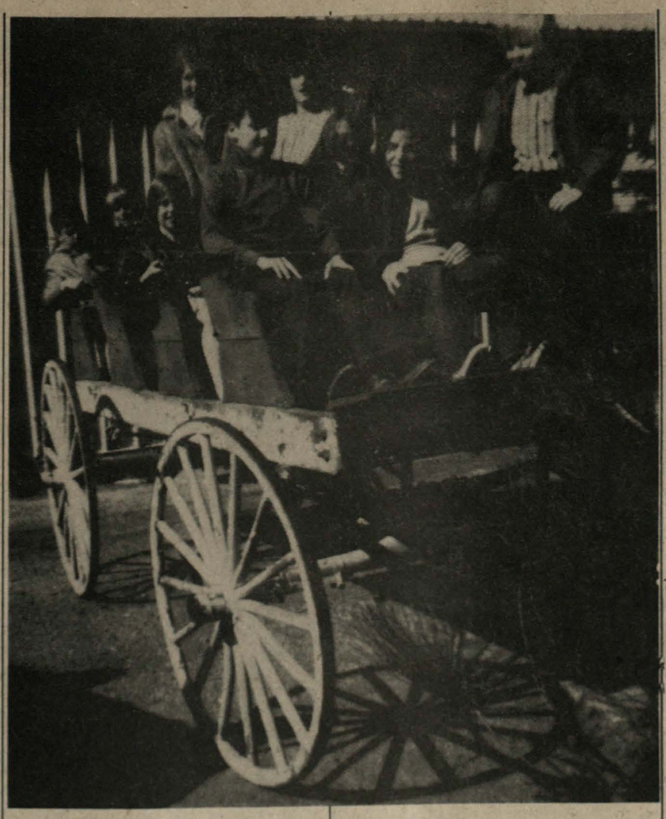
But there's still one big hang-up. There are eight teams and only seven sponsors. Pony League president Chuck Cannady has issued an "all points" plea for assistance, hoping that some local enterprising merchant or organization will resolve this problem.

The sponsor fee ($250 for the first year, less for subsequent seasons) covers the cost of equipment for that particular team. In addition, it provides plaques of the sponsor names embroidered on the uniform shirts, plus hats for each boy.

But more important is the fact that it is a declaration by an organization or business that it is an active booster of the Campbell youth baseball program.

Should anyone be interested in seeking more information, he or she should contact Cannady at 377-1667, or purchasing agent Joe McGrody at 378-9256.

Tryouts will conclude Saturday at Rincon Park with 14 year olds reporting at 9:30 a.m., and 13 year olds at 10:30 a.m. The league draft will take place Sunday morning, and all boys who participated in the tryouts have been asked to report to the field at 1 p.m.



A WAGON-FULL---Baker School students try out the wagon at the San Jose Historical Museum, 635 Phelan Ave., San Jose. The Indian Room, Pioneer Room and Spanish and Mexican Room were a few of the exhibits visited by the Campbell youngsters.

CLINIC VISIT---Shown with veterinary assistant, Janice Christison, prior to clinic admission is "Missy," a two-year-old female Pug, and her owner Bill Golden. Actual surgery is performed by a licensed veterinarian.

# Animal spay-neuter clinic offers low cost surgery

The County's low cost dog and cat spay-neuter clinic has received 2,057 applications during the first six months of operation. Since the clinic opened in September of last year the number of monthly applications has more than doubled.

Early statistics indicate that 41 percent of the animals undergoing surgery were dogs while 59 percent were cats. Figures also show that for every nine female dogs spayed one male dog was neutered. The ratio for cats was six females to every four males.

County residents may obtain applications at the Animal Control Office, 800 Thornton Way, San Jose. Upon payment, individuals are given directions to the hospital facilities. Applicants then call the hospital for an appointment at their convenience.

Cost of the surgery is $20 for female dog or cat, $15 for a male dog and $10 for a male cat. Neal Bohnet, Chief of the Health Department's Animal Control Program, points out that the intent of this program is to make available to county residents an effective method of having their pets sterilized at the lowest possible cost.

In addition to the owner being a county resident, all dogs must be licensed and all animals must be six months of age or older. Female animals must not be pregnant or nursing. Female dogs must not be in heat. Animals may be disqualified if, in the opinion of the veterinarian, the requested surgical procedure is medically inadvisable.

Animal Control offices are open from 8 a.m. to 5 p.m., Monday through Friday. Additional information may be obtained by calling 286-3016.

## THE BEGINNING OF THE END

IN THE BEGINNING:
Earth Date: Thursday, March 22, 1973
Earth Time: 2:32 p.m.
Place: Good Samaritan Hospital
Los Gatos, Calif.
Planet Earth

My awareness blossomed with a sharp pinch to one of my feet by a large white-clothed human. PAIN became the first word logged into my earthen vocabulary. Which, by the way, will be used frequently on this plane.

Through eavesdropping, I learned that I am 7½ lbs., 19½ inches. Either coincidentally or else, Brenda, Ron and myself are all Aries children. I was brought here cesarian style and am in excellent health. Special thanks go to Brenda and Ron for their careful planning.

They have given my being and earth name of Michael Leon Allen and I understand that I will be leaving here soon to reside with the deserving couple.

IN CONCLUSION: I will go through this life gathering knowledge about myself and my surroundings such as I have started here, and will keep foremost in my mind....

IN THE END....the love I take will be equal to the love I make!

# West Valley Sports

by Dick Sparrer

**BASEBALL**

West Valley and DeAnza baseball teams will meet on the San Jose Municipal stadium Saturday at 7 p.m.

For the Vikings, Saturday's game will end a long, tough week. Tuesday WVC met Santa Rosa and Thursday the Vikings take on Marin. Marin is the only team to have beaten WVC during Camino Norte Conference play thus far and turned the trick with a no-hitter.

Since that time the Vikes have won six straight CNC games and have scored 57 runs in the process, including an 11-1 win over the Dons. WVC averaged over eight runs a game through the first round of the season while recording a 6-1 record.

West Valley will travel to meet both Marin and Santa Rosa before coming home to battle DAC. Viking ace Gene Litle (Mitty), will throw against SR and DeAnza with Ken Couchee (Los Gatos) the probable starter against league leading Marin.

Litle, 4-0 in CNC action, has allowed only one earned run in 32 innings during league play, boasting an enviable 0.28 earned run average.

Couchee, a catcher on last year's team, got his first start as a pitcher last week against Contra Costa and came through with a three hitter while winning 3-1.

**TRACK**

West Valley College and Contra Costa will test their rivalry in track this week in Camino Norte Conference activity.

Last week West Valley coasted to their 120-13 win over hapless Alameda.

John Triplett (Branham), competing for the first time this year, won the triple jump at 21'2½". He was the only Viking double winner.

Hal Lindsay (Westmont) and Mike Oliver (Leigh) both topped 13'4" in the pole vault but Lindsay won via fewer misses. Kevin Calvert (Del Mar) was third at 12'10".

Rob Anderson (Campbell) won the 440 at 52.0 ahead of Greg Morton (Del Mar) at 54.5 and Brad Syth (Santa Clara) won the half at 1:59.7, leading a sweep there. Mark Bailey (Buchser) was second in the 380 at 2:02.2 and Martin (Camden) was third at 2:05.3.

Bert Hume (Campbell) won the mile at 4:41 and was second in the three mile at 16:52.1 behind Dale Finochio (Westmont) who won at 15:56.

Charlie Kenezevich (Buchser) won the high hurdles at 15.5 and Charlie Brown (Del Mar) was second at 19.1. The two reversed spots in the 440 intermediate highs, Brown winning at 59.8 and Kenezevich second at 60.0.

**SWIMMING**

West Valley College swimming split in tank action last weekend.

West Valley easily coasted to a 90-23 win over Solano in Camino Norte Conference activity before barely losing to American River 59-54 a day later in a non-league meet.

The loss snapped the Viking's current win string for 1973 at 10 and ruined any hopes the Vikes may have had of rolling through their dual meet season with an unblemished record.

The Vikings will be home Friday to host San Joaquin Delta and Santa Rosa in what could prove a tough afternoon. Wins in both ends of that double dual would just about cinch a one loss year for West Valley. The meet is set for a 3:30 p.m. start.

**TENNIS**

In their first two Camino Norte Conference outings, the West Valley College netmen won easily without losing a single individual match. They won Friday against Contra Costa, 8-1.

The Vikings lost a match for the first in CNC action but won eight others to easily coast to the victory. In singles play Ken Hamilton (Del Mar), Dan Horgan (Santa Clara) and Ernie Woods (Westmont) each won 6-0, 6-0 and Charles Sharples and Ken Tew (Leigh) won 6-0, 6-1. Horgan and Hamilton teamed for a 6-3, 6-4 doubles win and Tew and Wood won 6-0, 6-0 in doubles. The third doubles team won by forfeit.

**GOLF**

A pair of 77's by Jim Burke (Los Gatos) were low on the West Valley College golf scene last week. In one match the 77 proved low enough to lead the swinging Vikings to a win, but not in the other.

West Valley topped Santa Rosa 29-25 early in the week in a make-up match but lost for the first time in Camino Norte Conference action later the same week to DeAnza 33-21.

## CAMBRIAN PONY TRY-OUTS SET

Cambrian Park Pony League Baseball will hold tryouts for 13 and 14 year old boys who have signed up for the 1973 season. Tryouts will be at the Ida Price Cambrian Park Pony League Field as follows:

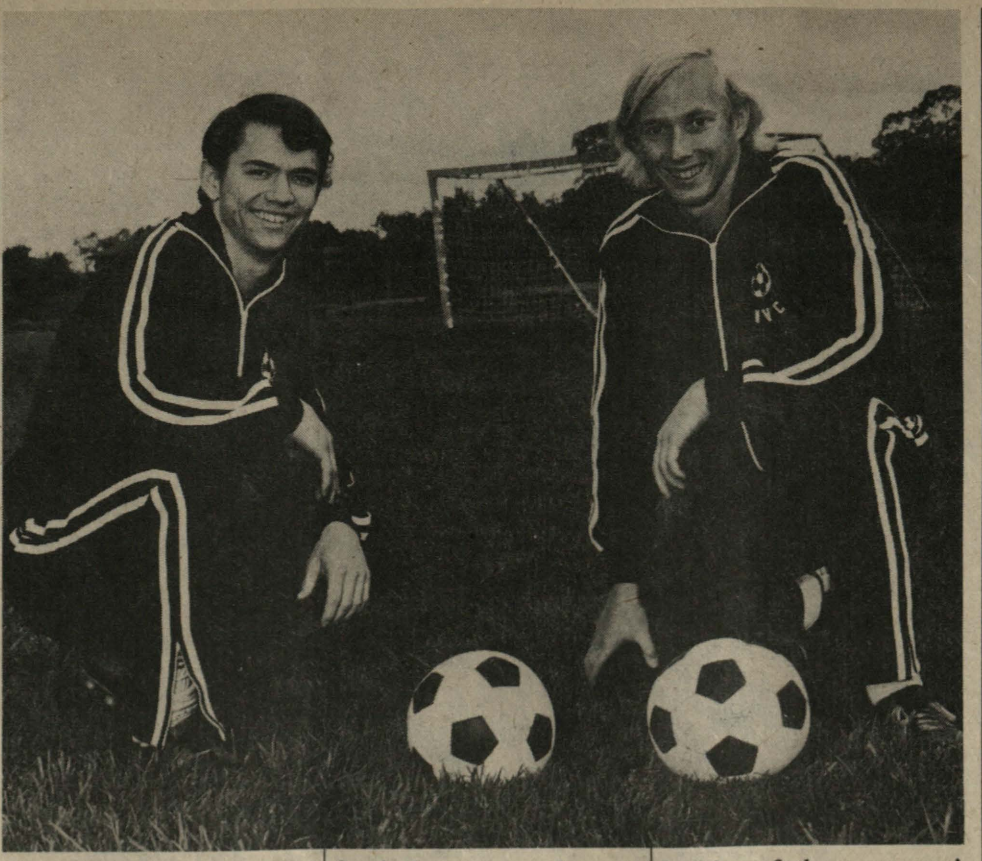
13 year olds - Saturday, March 31 from 10:00 a.m. to 2:00 p.m.

14 year olds - Saturday, April 7 from 10:00 a.m. to 2:00 p.m.

Boys who have not signed up to play may also register during the tryout dates.

## GRADUATES

Navy Seaman Recruit Fred G. Valdez, son of Mr. and Mrs. Hal Robinson of 172 Echo, Campbell, graduated from recruit training at the Naval Training Center in Orlando.



ALL-AMERICANS---Two West Valley College soccer players have been named All-American second team by the National Soccer Coaches Association of America. Pictured are Ron Johnson, left, Branham High School graduate, who has been named West Valley's most valuable player for the last two years in a row and was co-captain of this year's team. Jim Fox, Buchser High School graduate, was a former goalie converted to a field player at West Valley and an "inspirational type of player," according to soccer coach Dick Schwendinger. Schwendinger noted, when learning of the young men's selection, "These are the two best players I've ever had. They're the kind of young men you're always hoping you can coach." This is the first time West Valley has placed soccer players on the All American team.

# Campbell man wins karate championship

A Campbell man is a member of the California team which took the Mid-Western United States Karate Championships last Sunday in Chicago.

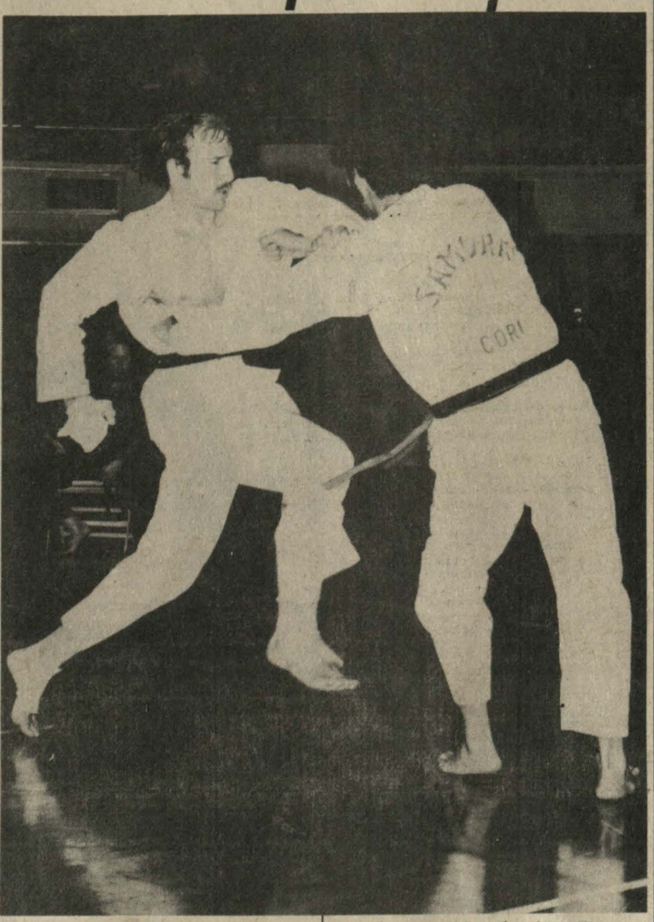
Terry Ellis, 23, of 625 Nido Dr., is a member of the five-man black-belt team headed by Ron Martini of Stockton, the number one ranked black-belt fighter in the United States.

Ellis, an administrative aide for the Campbell Fire Department, began the study of karate eight years ago.

The championship meet, sponsored by the United States Karate Federation, pitted the top black-belt fighters from the mid-West and Western United States against each other.

In addition to Ellis and Martini, the team includes; Robert Cori of San Jose, owner and head instructor of the Samurai Karate School, Leo Fong of Stockton, who with Martini are listed in the Black-Belt Hall of Fame; and Jim Gradey of Lodi.

The California team will meet top teams from throughout the United States at the August championships held in Long Beach.



KARATE CHAMPS --- Terry Ellis of Campbell is a member of the California karate team that captured the Mid-Western Championships at Chicago on Sunday, March 18. Terry, above left, is pictured during the state championships held in the San Francisco Civic Auditorium last year.

YOU SHOULD SEE THE OTHER GUY --- Karate champion Terry Ellis is shown above last week after winning the Mid-Western Karate Championships in Chicago. A member of the five-man winning team, Ellis suffered a fractured nose in the competition.

## HONOR STUDENT

Steven K. Carpenter of Campbell was among 1,239 named to the honor roll at North Texas State University last fall by Dr. Gus Ferre, vice-president for academic affairs.

Carpenter, son of Mr. and Mrs. Jack Carpenter, 118-A E. Rincon Ave., was named to the 3.5 honor roll.

IN THE SWIM---Charlie Porter, a product of Del Mar High School, dives into the swim of things for West Valley College in the 1,000 free style. Porter had a good weekend in WVC's two meets Friday and Saturday but the Vikings could win only one of them, their current season win string stopping at 10. The Vikes hold a 10-1 record for 1973.

# DARTING AROUND

with Tom Carroll

A new association for professional track meets had its opening last weekend in Los Angeles and will be making its appearance at the Cow Palace, April 1. A few snafus were reported for the International Track Association's opener but a good crowd was on hand. ITA president Mike O'Hara reported attendance at 12,280.

The Cow Palace event will feature many of the same track stars that appeared in Los Angeles. Superstars Kip Keino, Jim Ryun, Bob Seagren and Randy Matson headline a group of world record holders and Olympic medalists. Girls include famous sprinters Wyomia Tyus, Lacey O'Neil and Barbara Farrell.

The interesting part of the whole show, at least to this reporter, is the behind-the-scenes maneuvering not only for this show but for the others that surround it in the Cow Palace. On Saturday night promoter Roy Shire will stage a wrestling exhibition. After this event the Cow Palace crew has to strike the ring, floor chairs and half the seat risers, then set the track for the 7 p.m. Sunday meet.

The track is being imported from the Oakland Coliseum as the Cow Palace lost theirs in a November warehouse fire.

Following the track meet the CP crew has to take up the track, remove the remaining risers and convert the box seats to exhibit space by 1:00 p.m. Monday so that Dorothy Emerson's Antique Show and Sale can move in for five days starting April 4.

While the antique show is on, the Levi Strauss' Fabric Sale will also be taking place in Exhibit Building 1, April 6-8. At the same time the CP crew has to do its regular clean-up chores. Some job, huh!

**UNUSUAL WEDDING**

We recently received a memo from Danny Hill about the wedding of Jackie Levensailor and Bill Izzarelli, April 14, at Frontier Village amusement park.

The 22-year-old telephone operator and the 22-year-old Western Pacific Railroad dispatcher will be married at an altar set-up in the Central Square at the train depot in Frontier Village. The groom and best man will ride to the altar on the Southern-Pacific-Frontier Village train. The bride and her father will ride to the steps of the train station in the Frontier Village stage coach.

Following the ceremony, the wedding party will take rides on the merry-go-round, ferris wheel, etc., and the wedding reception will be held in Frontier Village's Silver Dollar Saloon.

This reminds me of several other unusual weddings, most of them of a show business nature. Last year a couple was married on the merry-go-round on Harvey Amusements. The year before a couple got spliced at the top of the ferris wheel on Campbell's own Butler Amusements. A couple I know, both scuba divers, were married underwater in Monterey. The late Fr. Ed Sullivan, the circus priest, married many couples in the center ring of circuses across the country.

There is an old saying that marriages should be memorable and I am sure these are.

## Money is the root of all....

A Campbell business owner's experience last week gave proof to the adage, "Neither a borrower nor a lender be."

The man's father visited his son's office last Monday demanding immediate payment of a loan. When the son offered to make a partial payment, the father, enraged, stormed out of the office. Before he drove off, according to reports, he bumped his car into the son's vehicle.

A few minutes later, apparently not satisfied with this gesture, he returned and rammed into the car again, knocking it six feet into another car parked alongside.
